## HORSES / DOGS/ COMMUNITY

### THERAPY PROGRAM USING THE RESCUED ANIMALS

Last two Saturdays of the month, we offer a free program that allows people and animals to interact. Both enjoy the time together. Feedback has been great. We are hoping to increase the number of days we can offer the class. Last class had 20 individuals. It takes a lot of time to prepare the horses, (stall cleaning, grooming), but it is well worth the effort. The happiness on all the faces is very rewarding. If anyone would like to be involved in the preparation please call the rescue. 541-258-3422

#### HORSES

##### RESCUED HORSES ARE GREAT

Most of the horses we have are older and have spent their lives serving people. They are not bad just have been left behind or neglected. All living creatures enjoy interaction.

#### DOGS

##### EVERY DOG SHOULD HAVE A LOVING HOME

The Dogs are of mixed breeds and ages. A number are older Hospice dogs and take special care. They all like to be loved and petted. It is so nice to have individuals come .

#### COMMUNITY

##### LINN COUNTY MENTAL HEALTH DEPT

Many individuals are referred by the Health Dept. But many come on their own and we welcome all. There is no health requirement, just a need to feel better.

## HELPING EACH OTHER

---

### ONE OF THE MOST IMPORTANT THINGS WE CAN DO IN LIFE

To help others is a very rewarding and feel good thing to do. They say there are certain endorphins released in the brain when we freely give to help others. It seems in our world today there are endless needs and never enough to care for them all.

Each of us have our own special passions and things we care about, things that are important to us. If animals are your passion, please give to animal organizations and non profits to help them help the animals. Human Cruelty is a terrible thing, whether it is committed against human or animal. We all need to work to stop it.

To save the life of one horse or dog will not change the world, but it will change the world for that horse or dog.

## BARENBRUG USA THANK YOU

LCAR was fortunate to receive help from Barenbrug USA. Both financial and volunteers in building outside kennels and runs for the dogs. They now have a large individual area; covered, soft dirt, matts, houses, and a soft bed. We are very Thankful to be able to have such a great place for the dogs. We were also able to build an indoor dog room in an existing building. Some of the hospice dogs are not able to get around very good and need a more protected place to enjoy their new life. Thank you!

### GRANT AND INDIVIDUAL FUNDING

LCAR would not be able to help the animals without the generous funding from Grants and individual donations. Thank you to

everyone who gives freely to those who need extra help. Because we are completely volunteer managed (no one gets paid) all the funding goes into the direct care of the animals. It is a great feeling

to see an animal recover from near death to life again. Our wonderful volunteers are the heart of the organization and are a blessing. Contact us if you would like to feel the joy of volunteer work.
